Sponsorship Information

The Mediation Center was established in 1986 to provide affordable alternatives to litigation and increase access to justice. We now serve over 7,500 community members annually and provide numerous services spanning from conflict prevention, education, and resiliency, to facilitation and mediation resolution methods. Our annual event is a celebration of our volunteers and partners supporting this extraordinary mission of building capacity in our community to be conflict-resilient. “Anchored in the Community” is our annual fundraiser and the Center's primary private funding source.

“Beyond the positive impact on our company, I must emphasize the significance of your services to our wider community. Your ability to create a safe space for dialogue and to bridge the gap between conflicting parties is a testament to the effectiveness and value of your services.”

-Katy Skelton, Katy Skelton Lighting

“At first, I was so confused as to what this order from the Court was all about...and how to proceed. I am grateful for this mediation as I've been given the opportunity to resolve the case without going before the Judge. Thanks so much for doing this. I hope to never be in this position again but if so, I will definitely mediate.”

- Confidential Mediation Party

"Peer mediation has made me stronger as a leader...it gives children the opportunity to talk out their feelings when they would otherwise engage in more and more violent interactions at school."

- Brianna, Peer Mediator, Windsor Forest High School
