Sponsorship Information

The Mediation Center was established in 1986 to provide affordable alternatives to litigation and increase access to justice. We now serve over 10,000 community members annually and provide numerous services spanning from conflict prevention, education, and resiliency, to facilitation and mediation resolution methods. Our annual event is a celebration of our volunteers and partners supporting this extraordinary mission of building capacity in our community to be conflict-resilient. “Anchored in the Community” is our annual fundraiser and the Center's primary private funding source.

Lizann Roberts, Executive Director for Resilient Coastal Georgia and other Steering Committee members accepted the 2023 “Partner of the Year” award.

“The Mediation Center actively seeks opportunities to collaborate with local organizations, government agencies and community stakeholders to address systemic issues and promote positive social change. As an engaged community partner, they have made a significant impact on the well-being and resilience of individuals and families through community peace-building, facilitating constructive dialogues, empowering individuals to find agreed-upon solutions and helping to build bridges of understanding and cooperation.”

Lizann Roberts, Executive Director, Coastal Georgia Indicators Coalition, Inc.

“Collaborating with The Mediation Center throughout our Positive Peer Influencer Program has been invaluable. ... Witnessing these empowered teens extend their knowledge to younger peers in middle schools has been both uplifting and crucial in our fight against drug misuse. The Mediation Center’s seamless collaboration and unwavering support have been pivotal in the program’s success, underscoring the significance of our partnership in fostering a safer and healthier community.”

Michael G. Sarhatt, Director, Chatham-Savannah Counter Narcotics Team
